PSO Representative attending Meeting: Melissa Latus

- I. Presentations:
No Presentations

- II. General Discussion and Questions
Reviewed all measures and data from the Fall 2024 VQI Regional Report. Our region continues to perform well in Long-Term Follow Up, Discharge Medications. We continue to struggle with pre-op smoking and smoking cessation, as our region of the country has higher rates of smoking than the rest of the nation. SVS/PSO presented the VQI National Update data, as well as the AQC, VQC, Arterial RAC, and Venous RAC updates. Named Physician Reports can now be accessed by data managers after providers provide permission.

- III. Action Items (including QI projects):
No action items or or QI projects discussed.

- IV. Nominations (AQC, VQC, RAC, Medical Director):
Venous RAC – Open Position

- V. Next Meeting:
TBD. Email will be forthcoming.
