

Mid-South Vascular Study Group

May 2, 2021

1pm-4pm CT

Meeting Status – Virtual

Respectfully submitted by: Jennifer (Landis) Ruff PA-C on behalf of Dr. Patrick Ryan

Participation Award and CE/CME Credit only available if attendee has signed in with full first and last name. For Fellows and Residents please add “MD” and associated center.

See Power Point slide deck posted on VQI.org for detailed presentation.

Agenda:

Welcome: 1:00pm

Regional Data Review: 1:05pm

Patrick Ryan, MD, Regional Medical Leader, MSVSG

Learning Objectives:

- **Use the VQI regional reports to establish quality improvement goals for the vascular patients (outcomes) and for their center (process).**
- **Interpret and compare each centers’ VQI results to regional and national benchmarked data.**
- **Learn, through group discussion the VQI regional results to improve the quality of vascular health care by monitoring measurable performance indicators, SVS PSO evidence-based research, and outcomes.**
- **Identify high performing regional vascular centers to discuss variations in care and clinical practice patterns to improve outcomes and prompt quality improvement recommendations for vascular care patients. Sharing of best practices/pathways of care.**

Regional QI Proposal: 2:05pm

Patrick Ryan, MD, Regional Medical Leader, MSVSG

Learning Objectives:

- **Use the VQI regional reports to establish quality improvement goals for the vascular patients (outcomes) and for their center (process).**
- **Interpret and compare each centers’ VQI results to regional and national benchmarked data.**

- Learn, through group discussion the VQI regional results to improve the quality of vascular health care by monitoring measurable performance indicators, SVS PSO evidence-based research, and outcomes.
- Identify high performing regional vascular centers to discuss variations in care and clinical practice patterns to improve outcomes and prompt quality improvement recommendations for vascular care patients. Sharing of best practices/pathways of care.

National VQI Update: 2:35pm

Caroline Morgan, BSN, Clinical Associate, PSO

Learning Objectives:

- Use the VQI regional reports to establish quality improvement goals for the vascular patients (outcomes) and for their center (process).
- Identify high performing regional vascular centers to discuss variations in care and clinical practice patterns to improve outcomes and prompt quality improvement recommendations for vascular care patients. Sharing of best practices/pathways of care.

AQC Update – Carrie Bosela, RN: 3:05pm

VQC Update – Carrie Bosela, RN

RAC Update – Patrick Stone, M.D.

Open Discussion/Next Meeting/Meeting Evaluation: 3:30pm

Regional Data Review

Patrick Ryan, MD, Regional Medical Leader, MSVSG

Learning Objectives:

- Use the VQI regional reports to establish quality improvement goals for the vascular patients (outcomes) and for their center (process).
- Interpret and compare each centers' VQI results to regional and national benchmarked data.
- Learn, through group discussion the VQI regional results to improve the quality of vascular health care by monitoring measurable performance indicators, SVS PSO evidence-based research, and outcomes.
- Identify high performing regional vascular centers to discuss variations in care and clinical practice patterns to improve outcomes and prompt quality improvement recommendations for vascular care patients. Sharing of best practices/pathways of care.
- The importance of completing data sets was emphasized, so as to be accurately reflected when reports are calculated.

Regional QI Proposal

Patrick Ryan, MD

Learning Objectives:

- Use the VQI regional reports to establish quality improvement goals for the vascular patients (outcomes) and for their center (process).
- Interpret and compare each centers' VQI results to regional and national benchmarked data.
- Learn, through group discussion the VQI regional results to improve the quality of vascular health care by monitoring measurable performance indicators, SVS PSO evidence-based research, and outcomes.

Identify high performing regional vascular centers to discuss variations in care and clinical practice patterns to improve outcomes and prompt quality improvement recommendations for vascular care patients. Sharing of best practices/pathways of care

National VQI Update

PSO Support Person, SVS PSO

Learning Objectives:

Use the VQI regional reports to establish quality improvement goals for the vascular patients (outcomes) and for their center (process).

Identify high performing regional vascular centers to discuss variations in care and clinical practice patterns to improve outcomes and prompt quality improvement recommendations for vascular care patients. Sharing of best practices/pathways of care.

Discussion Items: EVAR sac diameter reporting

Research Projects:

Council Updates (AQC, VQC, RAC, Governing Council)

See Slide Deck

Action Items:

Open Discussion/Next Meeting/Meeting Evaluation

1. In person vs virtual meeting for next meeting.
