The VQI Regional Quality Report is produced semiannually to provide centers and regions targeted, comparative results and benchmarks for a variety of procedures, process measures and postoperative outcomes.

The following updates have been implemented to enhance and improve the Spring 2023 VQI Regional Quality Report:

- **Preop Smoking Report Added** - A preop smoking report is now provided. This report displays center-level, regional, and VQI overall rates of current smoking at time of procedure.
- **Smoking Cessation Report Added** - A smoking cessation report is now provided. This report displays center-level, regional, and VQI overall rates of smoking cessation at follow up.

## Jeff Yoder – Statistician

- Start Date December 2022
- M.S. degree in Statistical Science from Indiana University
- Teaching assistant at Indiana University.

## Top Responsibilities:

Working with the PSO Analytics team on a variety of projects and initiatives.

- Infra/Supra Inguinal Bypass Revisions Live March 30, 2023
- New National Quality Initiative Smoking Cessation to be announced at VQI@VAM
- Data Integrity Audit Program
- Risk Calculator
- Follow-up reports:
  - IVC Filter and Varicose Vein
- Coming soon:
  - Harmonization of CAD variables
  - Harmonization of Anticoagulation
  - Open AAA Registry Revision

- SVS PSO recognizes need to reduce number of registry variables while maintaining balance between QI & research/publishing
- Work underway to decrease data entry burden
- Registry committees have begun reviewing variables
  - Possible variable retirement
  - Marking variables as mandatory versus **NOT** mandatory for record completion
- Variables required for reporting measures, industry projects & guideline/AUC recommendations will be taken into consideration
- Progress being made with data integration between EMRs & VQI. Updates provided at the VQI Annual Meeting

- Data Integrity Audits have begun Spring 2023.
- The Carotid Artery Stent Registry - first to go live.
- Additional registries will be added on a regular basis.
- Data results will not be punitive; will be utilized to update training and help texts.
- Audits are being preformed by a third-party vendor – Telligen.
- Audited records will be blindly abstracted by Telligen; then compared to the completed case in Pathways for matches.
- More information to come soon.
- All inquires should be sent to Melissa Latus. [mlatus@svspso.org](mailto:mlatus@svspso.org)

# SVS Verification Program

- In partnership with the American College of Surgeons
- Inpatient launch late March, Outpatient launch June
- Standards derived by SVS members; program is used to measure compliance w/standards
- Six National Quality Strategies to align organizational functions to drive improvement based on the aims & priorities of the Agency for Healthcare Research and Quality (AHRQ):
  - Measurement & feedback w/ required registry participation
  - Certification, accreditation, & regulation w/required facility regulation
  - Consumer incentives & benefit designs with thorough discussion of treatment options and consent
  - Health information technology, working with outside software for continuation of care
  - Innovation & diffusion with research
  - Work force development w/ the capability of resident training

## Welcome

Use the menu on the left side to access support tools.

Should you need assistance, please reach out to the PATHWAYS Customer Support Team by emailing your inquiry to [PATHWAYSsupport@fivoshealth.com](mailto:PATHWAYSsupport@fivoshealth.com).

You may also find the PATHWAYS Technical FAQ's, User Guides and previously recorded Webinars located on the [Resources](#) tab as a helpful tool to assist you.

# PATHWAYS Support

**Help us help you.**

[PATHWAYSsupport@fivoshealth.com](mailto:PATHWAYSsupport@fivoshealth.com)

When sending an email inquiry to the PATHWAYS Support team...

- Please include:
  - Detailed information regarding your question including the name of the procedure registry and field(s) in question
  - Primprocid's to identify specific records
  - Your center name and contact information including a phone number in case we need to contact you
- Please **exclude**:
  - PHI from any email or attachments you upload
    - i.e., Patient name & DOB

This will help avoid confusion as we research your questions to ensure an accurate and timely response!

Are you new to the role of Hospital Manager at your center?

The **PATHWAYS Hospital Manager Guide**, located on the Resources tab, might help you better understand the responsibilities of your role in the VQI.

## PATHWAYS® Hospital Manager Guide

We are excited to welcome you as a new Hospital Manager to PATHWAYS!

Your center has shown a commitment to quality improvement. The PATHWAYS platform provides a complete solution for collecting and managing registry data. Built-in reporting tools allow you to manage your registry data and compare your outcomes with other centers.

As a new Hospital Manager (HM) for your center, we would encourage you to reach out to existing staff to discuss your center's unique workflows and experience, and to gather information about the status of your registry data abstraction.

### Responsibilities/Expectations of HM Role:

- Primary contact for the Registry at your center
- Receive & distribute communications regarding reports, meetings, announcements, etc.
- Understand the participation requirements of the registry & ensure adherence to these requirements (such as annual claims validation, registry inclusion criteria, and follow-up expectations)
- Create and manage user accounts and privileges
- PATHWAYS Super User
- Designate a secondary "Hospital Manager" at your site for cross coverage
- Maintenance of Center Characteristics
- Respond to data audits & other registry related inquiries

This HM checklist outlines steps to guide you to become familiar with PATHWAYS.

### Getting Started:

- Login to PATHWAYS to get started!

## Claims Validation

*The annual claims validation process is intended to ensure that all eligible cases have been captured in the registry and is a requirement of participation in the VQI. This process is a key component of VQI's efforts to make certain registry data reflects real-world evidence.*

The **2022** Claims Validation process will be launched in **April 2023**

- Centers will be notified via email with a request to provide the contact information for the individual responsible for completing the audit.
- Participating centers will be invited to a webinar providing an overview of the steps required for successful completion.

**PATHWAYS Support is here to help you!**

Please reach out if your center is selected to participate and you need assistance.

## Coming Soon...

The **Support** Team is currently developing brief training videos to assist with specific functionality and tasks. By sharing some pointers with you, we hope to save you time and highlight PATHWAYS functionality and tools that you may not be familiar with.

The **Technology** Team has several features in progress to enhance PATHWAYS functionality including:

- Infra & Supra Follow-up Outcomes reports.
- Expanding data integration capabilities with Cedaron to include more VQI registries.
- Visualization of recently updated help text on the online/electronic form.
- Enhancing the Support tab to accommodate links to external resources.

# THANK YOU

The Fivos team appreciates your support and looks forward to your continued feedback about the PATHWAYS platform and support services.

Please send your suggestions to
