

# **SVS PSO Quality Improvement Project to Evaluate the Performance of Endovascular Grafts Used in the Treatment of Type B Thoracic Aortic Dissection**

**Cohort : My site prefers participation in**       1 Year Cohort     5 year Cohort

**Lead Physician** - The Lead Physician is responsible for supervision of the QI Project data collection at the Site

**Physician Name:**

**Data Abstractor:** The Primary Data Abstractor is responsible for accurate data entry for the QI project at all time points at the Site as determined by the Lead Physician. The Data Abstractor will serve as the day-to-day point of contact during the conduct of the study

**Primary Data Abstractor Name:**

**\* Required for 5yr Cohort**

## **Enrollment Potential**

Estimate the number of Dissection procedures performed at your site annually

Chronic

Acute

Historically, what is the approximate percentage of TEVAR patients who return to your Site for standard-of-care follow-up at one (1) year?

If less than 75%, what is the most common reason for non-compliance?

How many national vascular clinical trials or observational studies has your site participated in during the past year?

Do you have nurses who regularly collect and enter data for clinical trials?       Yes     No

Additional Comments about your site's experience with clinical trials and TEVAR or dissection trials that would help the Steering Committee select sites for this project

**\* Required for all participants**

## **Study Agreement**
