

## Tuesday, August 17<sup>th</sup> 12:00 PM – 6:30 PM (Day 1)

Separate registration fee required.

The VQI Annual Meeting is designed to meet the needs of physicians, nurses, data managers, quality improvement professionals and administrators. The Tuesday session is designed for data managers in particular, though all members are welcome to attend.

The Tuesday afternoon registry panel discussions have been designed to foster an active dialogue with annual meeting participants. We will be leveraging learnings from the registry education sessions that are being held in June and July, as a basis for these discussions. Please come prepared to ask your questions to these expert panels.

Please note: The conference opening will be a working lunch. A boxed lunch will be provided. The Cocktail Reception will include drinks and appetizers.
